The applicant's notice of appeal and appeal brief filed 7/18/2002 has been entered but has not been considered since the application is in condition for allowance except for the correction of the oath/declaration.

The reissue oath/declaration filed with this application is defective because it fails to contain the statement required under 37 CFR 1.175(a)(1) as to applicant's belief that the original patent is wholly or partly inoperative or invalid. See 37 CFR 1.175(a)(1) and see MPEP § 1414. Applicant's must discuss specific changes to the claims since new claims have been added to the specific differences between the new claims and the patented claims must be listed. Note that a new declaration must be submitted which includes the appropriate discussion of the differences noted above. Applicant's need only discuss one error (difference) in detail to satisfy this requirement.

Claims 1-9 and 16 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

Any inquiry concerning this communication should be directed to Jerry Redman at telephone number 571-272-6835.
